- Liver protection
- Kidney support
- Anti-viral, antibacterial and antifungal
- Improved respiratory function
- Reduced risk for heart disease
- Decreased platelet aggregation
- Improved blood flow
- Improved skin and hair

*The combination of micronized and activated zeolite with these micronized blends of mushrooms can help improve the immune system and your health.*

### How Zmunity Mushrooms Work

A natural supplement comprised of micronized, activated zeolite (clinoptilolite) and a micronized blend of seven certified organic, non-GMO medicinal mushrooms (Agaricus Blazei, Lentinula Edodes, Grifola Frondosa, Trametes Versicolor, Ganoderma Lucidum Cordyceps Militaris and Cordyceps Sinensis). These support immune system health through the highest amount of beta – glucan content as well as 200 different bioactive polysaccharides. The product also acts as a potent antioxidant; Aids in detoxifying the body; improves cardiovascular health; aids in lipid stabilization; improves respiratory function and has been shown to support improved sexual performance. A similar version of this unique product was previously marketed in another company with tremendous sales and growth. This is super packed to improve immune systems.
