

Solar power for your local community and savings on your electric bill.

Save money on your electric bill

Free to join, cancel anytime

No monthly fees or hidden charges

Support local solar farms

Save 10% on your electric bill for up to 20 years – sign up for community solar for free in less than 3 minutes.

With your free Think Community Solar subscription we connect your utility account to a local solar farm that will produce solar credits to lower your electric bill each month. Your community solar subscription will save you 10% on the solar credits received for up to 20 years! Your commitment supports local solar farms that produce clean electricity and creates jobs in your local community.

Think Community Solar is an affiliate of Think Energy, LLC. Think Community Solar will work to connect you with a community solar project as soon as possible. However, the timeline for connection will depend on your utility and availability of projects. Solar credits will vary seasonally and may exceed your utility bill in summer months. Any excess credits applied to your utility bill will be applied each month until exhausted through the winter months. In the event that solar credits do not offset 100% of your utility bill in any given month, you will be responsible for paying the balance to the Electric Distribution Utility Company. For more information about Think Community Solar and to view current offers and terms and conditions, please visit <https://www.thinkenergy.com/communitysolar/>. Energywell Community Solar, LLC d/b/a Think Community Solar is registered with the Maine Public Utilities Commission as a Marketer of Distributed Generation/Net Energy Billing projects.
