Life Lifted

JIFU was created to support a concept called “life lifted”.

An important purpose in life should be about lifting lives—including our own. Our lives are lifted when we experience other cultures through travel, when we improve ourselves through education, and when we choose to live a healthier lifestyle.

We believe all people should live richer, more productive lives, and JIFU works every day to make that a reality.

JIFU travel

Save up to 75% compared to Expedia, Priceline & other travel sites.

Our JIFU travel portals gives you access to our massive database of resorts and hotels.

But there's more than that, you can also book cruises, rental cars, activities, flights and concierge services at a huge discount. All while earning credits that can be used on even more adventure!

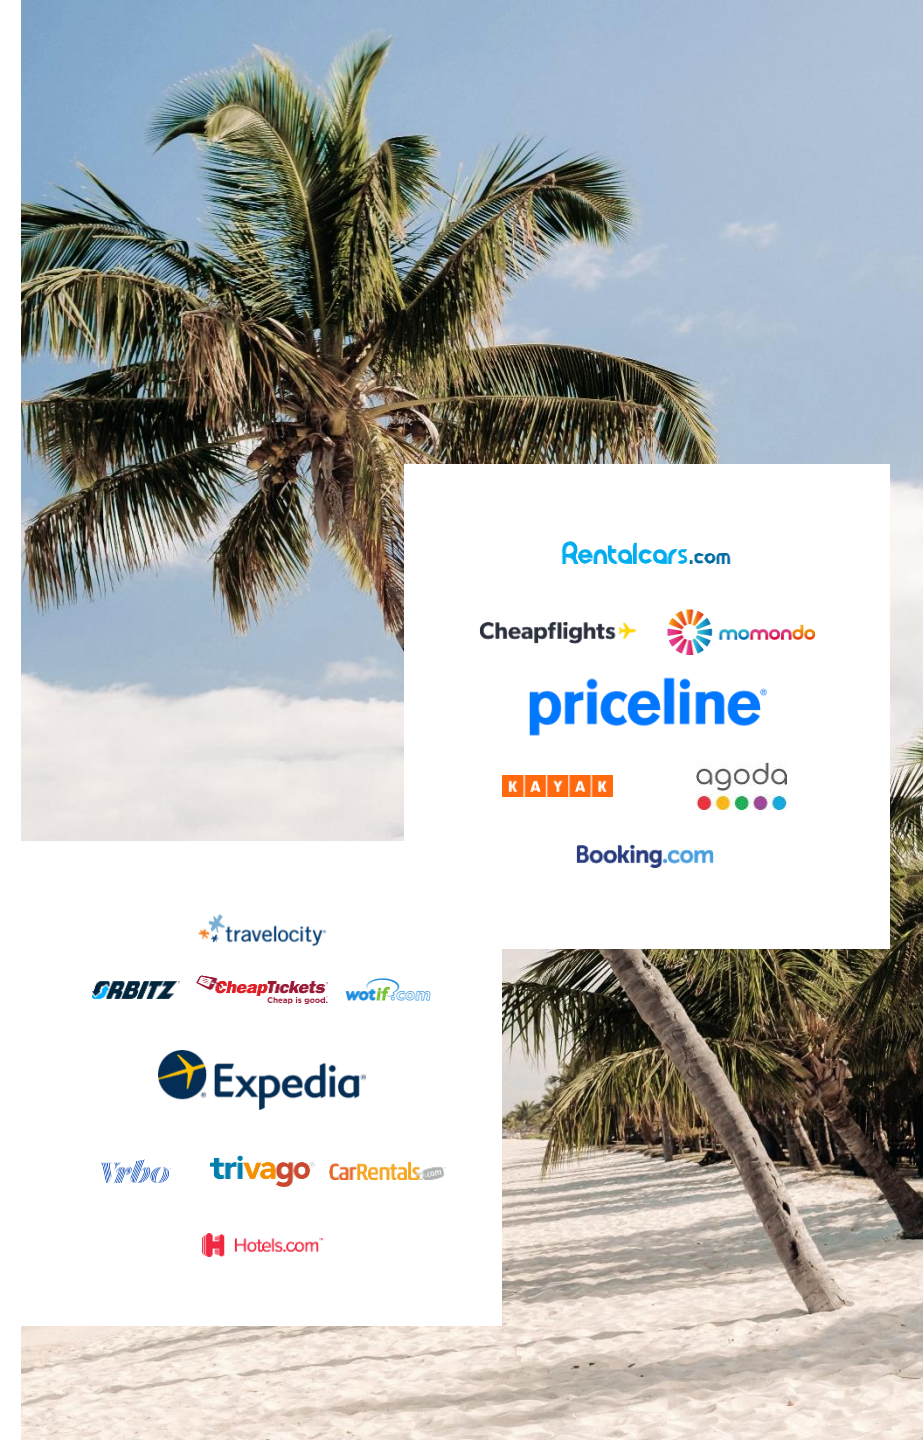

*Average Savings of 33 – 44% off of Hotel Stays.

Travel secret: **Public sites don't offer the best prices**

Hotels, Cruises & Rental Cars Have High Vacancy and Unused Inventory

In order to sell unused inventory, travel companies have been forced to use the two companies that have manipulated online travel sales.

Same
places,
**different
prices**

Priceline and Expedia add
fees and profits to your travel,
JIFU doesn't.

Fees & margins

No fees & no margins
