

TRADITION • SCIENCE • NATURE
vidafyglobal.com

VIDAFY combines the best of tradition, science, and nature to bring you benefits you'll rarely find together in other products.

When modern scientific research is combined with ancient knowledge, the ensuing products have a unique capability to help the body's functions through natural processes.

The fusion of global cultural traditions with innovative patented biotechnology allows us to maximize the health benefits of 100% natural ingredients.

Suggested Use

Dissolve 5 to 10 drops of NANOFY Curcumin & Vitamin D₃ in water or beverage of your choice twice daily. If preferred, use warm water or beverage and enjoy as an herbal tea.

FOLLETO-NANOFY-V3-APRIL22-ENG-USA

VIDAFY[®]
Life Converted

Proprietary blend of Curcumin & Vitamin D₃ with patented BioMS technology for maximum absorption & benefit to your health.

CURCUMIN

Turmeric Extract

Origin: India

Use of turmeric has been documented for more than 4,500 years, both for cooking as well as for diverse therapeutic applications.

Ayurvedic Medicine

Turmeric is one of the founding plants of the first medical system in the world –Ayurveda.

Its Benefits

Turmeric rhizome exhibits a wide range of biological activities.

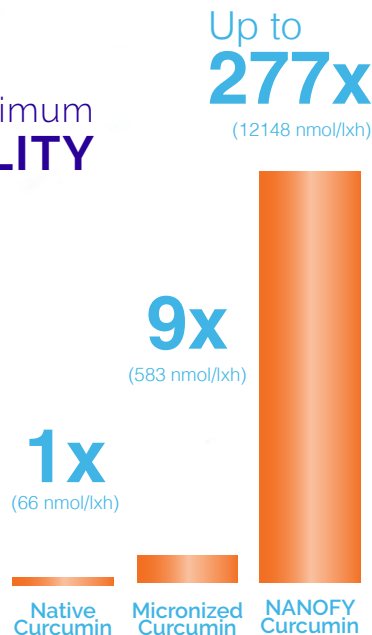

Scientific Research

In recent years, scientists have become extremely interested in the powerful effect of curcumin from turmeric, making it one of the most studied plants in the world thanks to its multiple health benefits.

NANOFY

Curcumin with maximum BIOAVAILABILITY

The active metabolite in turmeric is called curcumin and is a lipid (oil) that is difficult for the body to absorb into the bloodstream. Through our patented BioMS technology, curcumin is absorbed up to 277 times better than turmeric powder.

Better absorption, greater bioavailability, longer action time, greater safety, more power of curcumin. THIS IS BIOMS

Benefits of our patented BioMS Patented German Biotechnology

BioMS technology has revolutionized the supplement industry by making possible unparalleled lipid absorption through the application of patented biotechnologies.

1. Powerful metabolites from all natural ingredients.
2. Patented nanotech processes that ensure cellular absorptions.
3. Patented biotech processes to form micelles which allow for immediate uptake of oily metabolites into the bloodstream.

Through our patented process, we encapsulate the lipid metabolite curcumin at a nanoscale size and in the all natural micelle structure, resulting in easy and immediate absorption into the bloodstream. No other product in the market comes close to our proven bioavailability of curcumin, making NANOFY Curcumin & Vitamin D₃ the most potent and effective curcumin product available today.

Certified Quality & Patented Process

Our products are backed by patents, certificates and awards that guarantee the quality and results you're looking for.
