

Mfluencer Program

The Mfluencer marketing plan bridges the gap between today’s hottest marketing trend, influencer marketing, and the unprecedented ongoing income potential of network marketing. The result is a hybrid system that’s total is far greater than the sum of its parts —paying an industry leading 50% of sales price and ongoing residual to the influencer, while still providing significant upline overrides and contributing to all bonuses and pools. All this, in a plan that’s so simple, we can cover it all right here:

How much commission will I earn for a given number of packs sold?

To figure your commission amount, multiply the number of packs sold x \$50.

EXAMPLE:
*If Mary sold 200 packs,
200 x \$50 = Mary’s commission of \$10,000.*

How many packs do I need to sell to reach my income goal?

To determine the number of packs to sell, figure your income goal amount ÷ \$50.

EXAMPLE:
*If John’s income goal is \$1,000,
\$1,000 ÷ \$50 = John should sell 20 packs.*

Does this pack include a free Ambassador Enrollment Kit for newly enrolled Ambassadors? Yes.

Can this pack be placed on a Monthly Subscription with the same commission payout? Yes.
